## EDUCATION

### Bsc Mathematical Science (Second Class Upper)

KWARA STATE UNIVERSITY, MALETE

Kwara, NG | 2020

### Laracast

ONLINE LEARNING PLATFORM

Remote | 2024 - Current

## WORK EXPERIENCE

### PHP/LARAVEL DEVELOPER | TIIDELAB

Remote | 2024

- Developed and deployed dynamic web applications using **PHP**, **Laravel**, and supporting technologies such as **Livewire**, **Tailwind CSS**, and **MySQL/SQLite**.
- Built portfolio projects, including:
  - Blogging Website**: A platform for publishing and managing articles with an intuitive Laravel-Livewire interface.
  - Portfolio Website**: A responsive showcase of personal projects and achievements using Tailwind and Blade.
  - Social Media Web App**: A Vue-enhanced Laravel app for content sharing and interactions.
  - School Management System**: A robust Laravel-based system to streamline administrative operations.
  - Booking System**: A full-stack system utilizing Laravel, Livewire, and Tailwind for efficient reservations.
- Collaborated on team projects to improve code quality, adhere to Laravel best practices, and deliver results within deadlines.
- Utilized **Git** for version control, ensuring streamlined workflows and robust code management.

### WEB DEVELOPER (VOLUNTEER PROJECT) | STUDENT ACCOMMODATION BOOKING PLATFORM Remote | 2023

- Designed and developed a website enabling students to book accommodations and hostels before semester commencement.
- Created a user-friendly interface and integrated a Laravel backend with MySQL for seamless booking management.
- Leveraged expertise in **Laravel**, **PHP**, **HTML**, **CSS**, **JavaScript**, and **MySQL** to ensure the platform's functionality and reliability.

## PROJECTS

**BLOGGING WEBSITE** 

**PORTFOLIO WEBSITE** 

**SOCIAL MEDIA WEB APP** 

**HOSTEL MANAGEMENT SYSTEM** 

**BOOKING SYSTEM** 

PHP, JAVASCRIPT, MYSQL, HTML, CSS

PHP, JAVASCRIPT, MYSQL, HTML, CSS

LARAVEL, VUE, MYSQL, TAILWIND

PHP, MYSQL, TAILWIND

LARAVEL, LIVEWIRE, TAILWIND, MYSQL

## SKILLS

**Languages and Frameworks:** PHP, Laravel, Vue.js, Livewire, HTML, CSS, JavaScript, MySQL, SQLite, Tailwind CSS

**Version Control:** Git

**Tools:** Visual Studio Code, Postman, Composer

**Soft Skills:** Problem-solving, Team collaboration, Project management

## CERTIFICATIONS

- Laravel 10 from Scratch (Laracasts) – 2024
- PHP for Beginners (Udemy) – 2024
- JavaScript Essentials (Udemy) – 2024
- Associate Data Science (DataCamp) – 2024
- Oracle Database SQL (Great Learning) – 2023

## INTERESTS

- Building full-stack Laravel applications with modern tooling (Vue, Livewire, Tailwind).
- Exploring performance optimization and clean architecture in Laravel.
- Contributing to open-source Laravel and PHP projects.
- Continuous learning in backend development and modern UI design.
- Solving real-world problems through practical, user-focused web solutions.
